I/we, the undersigned applicant, hereby agree that I/we will pay all fees and charges that may be incurred by the city for planning, engineering, legal and any other professional services directly related to and incurred by the city during the examination, review and processing of this application, and during any necessary enforcement action subsequent to this request. I/we understand that the applicant fee is only an administrative charge intended to defray costs associated with city staff services and resources required for the processing of this request. If a determination is made by the city that additional professional services are necessary for the review and processing of this application, the Community Development Director or designee may require the applicant to enter into a development escrow agreement and deposit funds in escrow with the city. Otherwise any fees resulting in charges above the escrow funds placed on deposit will be billed and promptly paid by the applicant prior to the final disposition of the request by the city. If direct costs to the city are less than the sum placed in escrow, then the balance will be refunded to the applicant upon final disposition of the request by the city.
